

The Centre de santé communautaire Hamilton/Niagara (CSC) is a multidisciplinary non-profit organization providing health, community and social services. We have two main locations, one in Hamilton and the other in Welland. We are looking for a bilingual professional to fill this position:

NURSE PRACTITIONER

One full-time positions - 35 hours/ week

Location: Hamilton with travel to the Niagara Region

Salary range: \$ 90,676- \$106,180, excellent benefits

Under the direction of Primary Care Services Director, the Nurse Practitioner (NP) will provide primary health care focused mainly on health promotion and disease prevention in accordance with the practices and standards of care set out in the Standards of Practice for registered nurses in the Ontario Specialist Category. She / he will determine and manage common health problems and diseases independently or in collaboration with the doctor. She / he will work in an interdisciplinary team to address issues affecting the health of community members.

Primary Duties and Responsibilities

- Provide comprehensive primary health care to clients of all ages within the scope of practice of the NP
- Identify client health issues by risk factors
- Involve clients in identifying risk factors and health problems, setting goals, and choosing interventions
- Prescribe, interpret and monitor screening and diagnostic examinations if necessary
- Keep complete, accurate and up-to-date client records
- Meet with clients at the CSC or in the community and coordinate cases
- Treat clients with stable chronic conditions, manage and follow them as directed by the physician
- Help coordinate the medical clinic
- Raise awareness of the health programs offered by the CSC
- Participate in the monitoring process of controlled substances in accordance with Health Canada's policies and procedures in effect
- Participate in the development and evaluation of policies, procedures, best practices and protocols
- Collect and process statistical information required by the Center and donors
- Participate in team and staff meetings, sit on internal and / or external committees

Education, Experience and specific requirements:

- Bachelor of Science in Nursing and NP Certificate from a recognized university
- Practice Permit for the Specialty Class of the CNO
- Experience in school-based programs as well as dealing with mental health and addictions issues would be an asset
- In-depth and up-to-date knowledge of physical examination and treatment methods
- Good judgment, decision-making, and interpersonal skills,
- Excellent ability to work independently and within a multidisciplinary team
- Speak and write fluently French and English
- Very good knowledge of basic computer software
- Be willing to work flexible hours to meet the needs of clients
- Have access to a motor vehicle and hold a valid Ontario driver's license
