# Volunteer Program

Community  
Engagement

**Building a healthy and  
dynamic community**

## Volunteering is healthy!

" Volunteering promotes the health of the Francophone community by providing the opportunity for individuals to actively participate in their own wellness and well- being of their communities through volunteering "

## Why volunteer in your community?

Expand the range of services offered to the francophone community

Support the activities of organizations and staff

Facilitate access to services for Francophones

Provide an opportunity for Francophones to volunteer in a French setting

Actively participate in community development

## You can make a difference!

## Various opportunities

Management Support  
Direct service to the population  
Administrative Support  
Logistic support

## How much time can you offer your community?

**Regular:** Person who has a fixed schedule and support the CSCHN on a regular basis

**Occasional:** Person who supports on special events

**Members of various committees**

**Board members**
