

Press Release

Hamilton, 28 juin 2024

Dignity, equality and security for all

To renew our ongoing commitment to the LGBTQ2s+ community, the CSCHN family held Fierté-Pride flag-raising ceremonies in Welland and Hamilton.

These events represent our promise to the community, but also state that we stand against hatred and all forms of systematic violence, oppression and exclusion.

It is essential that we present ourselves as allies, as a safe, secure and unprejudiced place to work and visit, as a positive and welcoming environment.

A constant effort must be made to continue advancing the rights of members of the LGBTQ2s+ community, and it is only by remaining open and learning more about the challenges and needs of these communities that we will succeed in breaking down barriers.

Because love is love, the CSCHN is there for everyone.
